## **ITD begins pothole repairs**

Rigby-It's that time of year. Potholes are popping up like daisies and there are some real car-eaters out there. The recent weather conditions have wreaked havoc on roads, causing potholes and other hazardous conditions.

The Idaho Transportation Department has a plan. We are working with local contractors to address the pothole problem. We are hopeful that we can start filling and repairing the roads this week, weather permitting.

If you encounter a pothole while driving, safely maneuver around the pothole when possible and consider contacting the ITD to let us know.
